STATE DEMOCRATS TROUBLED.

They Say an Investigation Will Be Made-Mr. Rebinson Deserts Strong for Grant.

The Roman hand of Patrick Keenan, one of Tammany's leaders, was shown to-day in a communication received at Grant's headquarters, and which was intended to be in the nature of a bomb

It was a typewritten document, pur porting to have been signed by about thirty voters of Mr. Keenan's district. who are alleged to have signed the petition of the New York State Democracy Every one of the thirty referred to deny that they ever signed the petitions; furthermore, that they are not in sympathy with Mr. Grace or his movement, and that they will vote and work for the Tammany ticket.

"Every department is honeycombed with sinecures, and salaries are paid to bersons who render no public service whatsoever. A careful investigation would, it is believed, show more than 3,000,000 wasted in this way."

Charles Robinson, one of the editors of the North American Review and a nember of the State Democracy, has announced his intention of supporting Mr. Grant for Mayor.

Mr. Robinson says he cannot support to the course of the A. P. A. question.

HILL WITH HIS MANAGERS.

The Reported Deal by Which He Is to Be Kaifed Eagerly Discussed.

Candidate David B. Hill, looking somewhat fatigued from his two oratorical efforts in Newburg lest night, arrived in this city at 9.30 o'clock this morning accompanied by his secretary.

D. G. Luckett, ex-Congressman Bacon and Coi. McEwen.

Mr. Hill breakfasted early at the Hottle Pallatine in Newburg, and had to run for his train. On reaching this city Mr. Hill drove at once to the Park Avenue Hotel, and went to room 217, the which he occupies whenever he is in consultation with his campaign managers.

It was the Senator's intention to take the 1 P. M. train from Albany and to leave that city for Schemectady, where he speaks to-night, at alf o'clock. Mr. Hill lost no time in getting to work to dispose of the business which brought him to New York. He summomed John Boyd Thacher and Major Hinkley and plunged immediately into the intraceles of the campaign. One of the most important matters was the report that there was a deal on foot by which Tammany hoped to gain votes for Hill and Grant by trading off with the Assembly candidates. This would mean the loss of a Democratic Assembly, but the votes thus obtained for the Tammany candidate for Mayor would, in the minds of the Wigwam leaders, he worth the sacrible.

It is understood, however, that it is not the Senator's desire to make any such he work provides to make any such he searched.

It is understood, however, that it is not the Senator's desire to make any such deal. On the contrary, he wants everything to be run on the square and have everybody take their medicine like little men, no matter if it is hitter.

Mr. Hill could not be made to talk about the alleged deal this morning.

The news from Washington of Senator Faulkner's interview with the President yesterday formed one of the principal topics of conversation at headquarters this foretoon. It was thought that Sen-
